Re: Seward Media Partners, LLC
KSEW (AM), Seward, Alaska
Facility Identification Number: 72209
Special Temporary Authority

Dear Mr. Kurtz:

This is in reference to the request filed March 12, 2008,¹ on behalf of Seward Media Partners, LLC ("SMP"), for extension of the special temporary authority ("STA") granted on October 2, 2007, to operate Station KSEW from a site other than the licensed site.²

Our review indicates that, subsequent to the filing of the extension request, the station's transmitter failed and the station went silent on November 16, 2008. In its request for authority to remain silent, SMP stated that the station will remain silent until it can file an application for construction permit to relocate the station. Since the station is no longer operating pursuant to the STA, extension is not necessary

Accordingly, the March 12, 2008, request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer

Media Bureau

¹ Processing of the request was delayed by an OMD "Red Light" issue which has been resolved.

² KSEW is licensed for operation on 950 kHz with 1 kilowatt, unlimited hours, employing a nondirectional antenna (ND-1-U).
